2006	30	22	73%	10	3	9	7	1
2007	54	41	76%	<u>17</u>	<u>14</u>	<u>10</u>	<u>11</u>	<u>2</u>
Totals	387	279	72%	112	80	87	84	28

(Totals are for 1995 – 2007)

### A brief summary:

- 72% of Dr. Siebens' students earned scores of 3 - 5 (eligible for college credit) on the AP Biology exam over the last ten years.
- On the 2007 AP Biology Exam, 41 of the 43 (95.3%) students with scores of 3 - 5 throughout DCPS were students of Dr. Siebens. 65% of the DCPS students who earned a 2 (learned a substantial amount but not enough for college advanced placement credit) were taught by Dr. Siebens.
- 29% of Dr. Siebens' AP Biology students received a score of 5, or 1.7 times the national average of 17%.
- Dr. Siebens has always taught many non-AP courses, but the AP test provides a robust metric.
