

Dear Reinstate Dr. Siebens Listserv Subscriber,

I have received many emails of support and outrage in response to my two-part update report. Here's an example of an email I was copied on from yesterday:

adrian.fenty@dc.gov
Michelle.Rhee@dc.gov

Dear Mayor Fenty and Chancellor Rhee,

This is really beyond the pale. Simply beyond belief.

As a Wilson parent, I have written to you both several times about this last year. You both assured me that you would never do anything to hurt our children. Please, I implore you, if this is so; you need to put a stop to this madness. The children must come first.

I also have a question. How is it that whatever Dr. Siebens allegedly did, it made him unacceptable to teach the children of Wilson, but yet, he was considered acceptable for the children at Woodson?

Thank you for your leadership in doing what's best for our children. Only you have the power to correct this grave injustice that is continuing to hurt so many.

PS - What does this mean that our *children* have had to step in to help other *children* in this tragic situation?

All Dr. Siebens wants to do is teach Biology to Wilson students who will benefit greatly from the return of such an exceptional Biology teacher. It saddens him to see what is happening and he wants to help.

Why won't the Education Mayor and the Chancellor who values quality teaching do what's best for Wilson students?

Best,

Paul
